Graduate Survey at University of Natural Resources and Life Sciences, Vienna

Dear graduate,

I herewith would like to invite you to participate in the graduate survey of BOKU Vienna. The aim of this survey is to get an overview about your current situation and your professional career after graduating from BOKU. How do you evaluate the time of your studies in retro perspective? And today: are you employed, on parental leave, etc.? Your experiences will contribute to the improvement of the quality of studies. In order to get meaningful results, each contribution is important. A comprehensive picture can only be achieved by a high number of participants.

The survey will be conducted online. In order to fill in the questionnaire please go to the following internet homepage and enter your personal access code.
